NEVER LET THEM TELL YOU… "GIVE UP YOUR SWORD"

THIS IS WHAT WOMEN WANT.

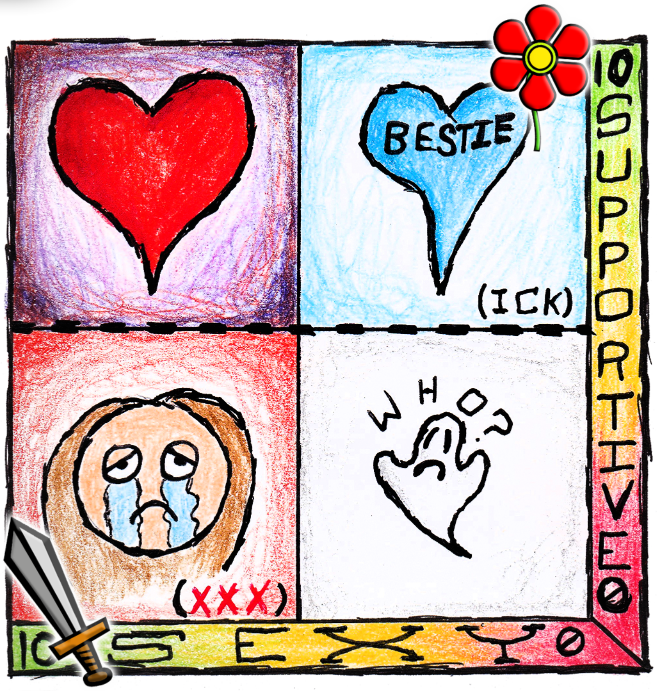
ALL YOU HAVE TO REMEMBER IS: "**STRONG THING, NICE THING.**"

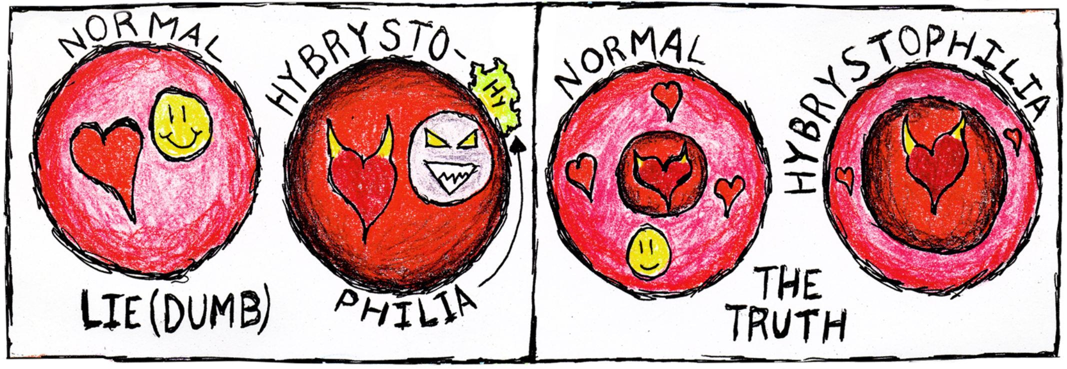
Society tells us that women choose men based on ***niceness.*** [SUPPORTIVE]

WRONG. *VERY* WRONG. They choose men based on *"strength."* Power. Superiority. Impressiveness. And that includes looks!

This is **Zones v4**. It's super simple. I took out all the clutter from **Zones v3** and boiled it down to two simple things: **"STRONG,"** which is what makes you sexy, and **"SUPPORTIVE,"** which is what makes her feel safe with you. This simple graphic can help you remember that women will never like you just because you were "nice." That gives them ***the ICK!*** (Top right box)

What a woman ***likes*** is when a man she ***already likes*** for **being strong *decides*** that he will ***be*** nice, but ***only to her,*** because she is the prettiest princess in all of the kingdoms or whatever. **STRENGTH FIRST!**





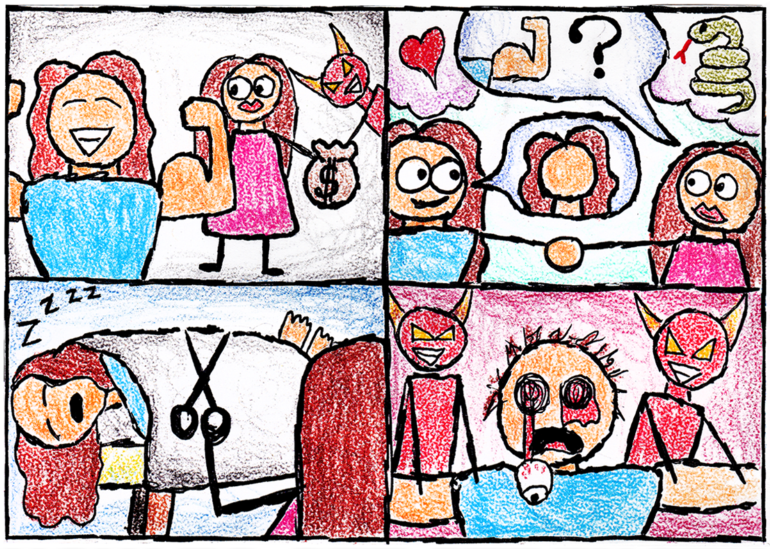
It's no secret that a lot of women love criminals and other kinds of "bad boy." That's because they're not afraid to show off their **"STRENGTH."** Power. Dominance.

Some people have decided that this is a mental illness called "hybristophilia," which means "lover of crime." But that gives you the wrong idea. It's not "good girls" vs. "bad girls," it's "girls who like bad boys a little" vs. "girls who like bad boys too much."

This is the story of ***Samson and Delilah*** from **The Bible.** Don't worry! I'm not selling you religion! **The Bible** is just full of wisdom you shouldn't overlook just because you don't want to believe in magic. You don't have to! The stories just make sense.

Samson is a superhero, like ***Hercules***. His enemies pay ***Delilah*** to seduce him and find out the secret to his power. She says: *"Don't worry, I love you, you can trust me! Tell me your secrets!"* So ***Samson*** says "my power comes from my hair." ***Delilah*** waits for ***Samson*** to fall asleep and cuts his all of his hair off. Then his enemies come get him, overpower him, blind him, and haul him off to prison. Samson gave up his power.

The moral of the story? ***You never give her the keys to your power.*** She's going to test you. She's going to tell you ***"give me your sword."*** You can never do that. You'll lose everything.



DOMINANCE • POWER • CHARISMA • FRAME
STATUS • WEALTH • SKILL • TALENT
PERSEVERENCE • MYSTERY • CONFIDENCE

HOW TO GET STRENGTH

Some men are born with more **STRENGTH,** but we all have to earn most of it. You get it by doing things that make you more capable and "in charge." Just ask yourself ***"does this activity increase any of these things?"*** Remember, ***having*** power helps you get more.

THE 7(+1) RULES OF SWORD

1. BE STRONG, NOT MEAN: It's not about being a jerk. It's about being ***so cool*** that you ***get*** to be a jerk (sometimes).

2. LOOK GOOD: Listen, you know the drill. Be in good shape and pay attention to your clothes and grooming.

3. BE IMPRESSIVE: Women can just ***exist*** and be valuable. Men have to ***do something*** to ***show*** our value. Get good at talents, careers, social skills, and so on. Be experienced. She wants a leader!

4. SHOW OFF: Are you good at something yet? Great! Now go ***be seen*** doing it! Got money? Have nice stuff. Big muscles? Wear a tank top. Entertain a crowd. Get promoted. Go show your feathers like a peacock. No one's gonna come knock on your door!

5. HANKY DROP: Women don't come out and say "I want you." They just do a tiny little thing to get you to look at them, like drop a handkerchief or ask you to open a jar when she could totally do it herself. If you're not sure, use the Bird Test! (Watch my video on that, too.)

6. BE CONFIDENT: You can fake confidence, maybe a little bit, for a little while. But before long, you're gonna have to prove it. Getting confidence means winning victories and remembering them. See the triangle diagram on the next page!

7. BE A SAFE PLACE: Whatever you get your strength from, you have to use it to make her glad she has you... instead of any of those wimps out there!

8: NEVER STOP: You don't get to "quit" being strong after you impress her. Do it every day!

MODERN MEN ARE WIMPS!
WOMEN HATE IT!

If you're a man and you grew up in the West, you've probably been told all your life to "be nice." So you were! and then you had to watch women date a bunch of "jerks" and "bad boys" instead of you. *What the hell?*

Well, it turns out that women aren't actually looking for "nice." **What they're looking for is "strong." Powerful. Dominant. Forceful. Fiery.** A Real Man! Every woman just wants a guy like that to... ***be*** nice. To only her!

So why didn't they tell you? Because they're women! They never say what they mean. Other men are supposed to explain this to you, and that's illegal now. I'll probly get a visit from the FBI just for saying this.

So go watch my YouTube video, "SWORDPILLED," and keep this cheat sheet handy to help you remember when you're doing it right and when you're being a "nice guy" again. **Nice guys finish last! Because they're *wimps!***

AND IF THAT'S TOO MUCH TO REMEMBER...

...then just remember: "Strong Thing, Nice Thing."

STRONG THING

First, do something STRONG. Show off a cool skill. Take her somewhere amazing. Show up somewhere that people love you. It has to make her think "wow, this guy has something special!

NICE THING

Then, do something NICE. You can't lead with nice! Not before she's impressed! That's gonna feel weird. The nice thing has to come after some tension... "is this guy gonna like me?"

DON'T KID YOURSELF!

FIRST, **KNOW THAT YOU CAN DO IT.** THEN, JUST REMEMBER: ***"I CAN DO IT."***

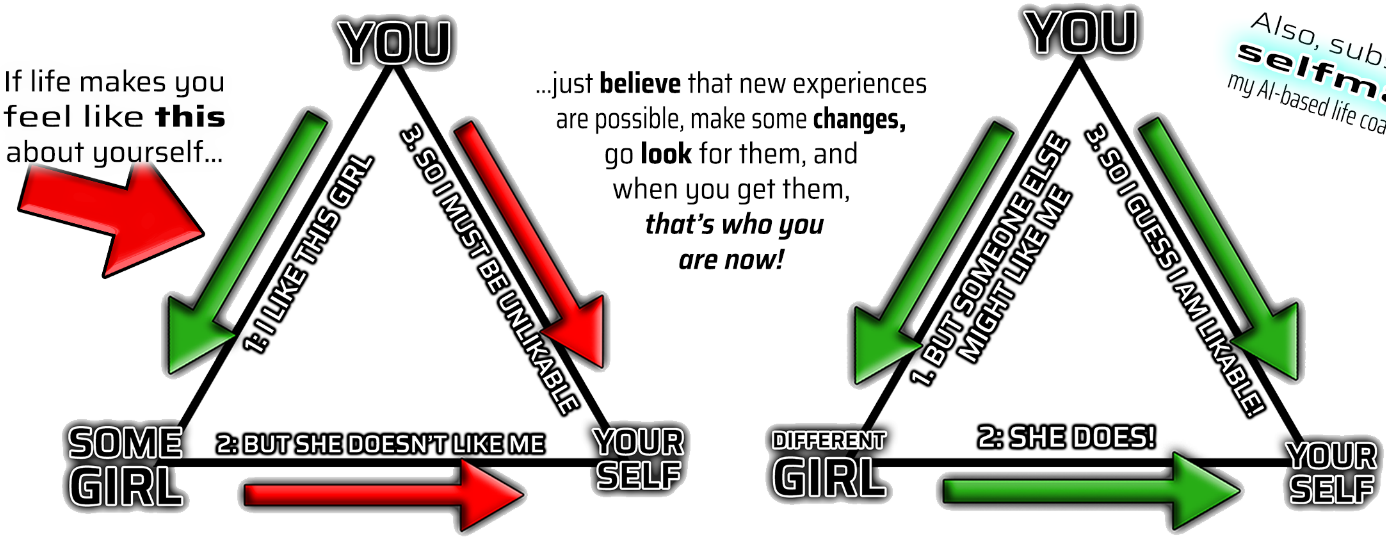
BUILDING CONFIDENCE

This is the "Association Triangle" exercise from the original **"Self-Maximize"** packet. This side-by-side, before-and-after example shows you how to fix your insecurities.

On the left, you are remembering bad experiences where you were not liked by someone who you wanted to like you. This makes you have bad feelings about yourself, which becomes a belief. ***"I am not likable."***

On the right, you're having a new experience. You found someone else who ***does*** like you, and you choose to let this prove your old belief wrong.

To get from bad beliefs about yourself to good ones, you need to have experiences that prove your new beliefs to be true. You can do this by either going to new places and meeting new people **(2: ENVIRONMENT in Self-Maximize),** or by changing who you are, how you think, and what you do **(3: MENTALITY, 4: APPEARANCE, and 5: BEHAVIORS),** or by changing what you want entirely **(1: DESIRE).** Read the packets, watch my **Self-Maximize** series on YouTube, believe it will work, and go actually do it!



YOU
1: I LIKE THIS GIRL
3: SO I MUST BE UNLIKABLE
SOME GIRL
2: BUT SHE DOESN'T LIKE ME
YOUR SELF
YOU
1: BUT SOMEONE ELSE MIGHT LIKE ME
3: SO I GUESS I AM LIKABLE!
DIFFERENT GIRL
2: SHE DOES!
YOUR SELF

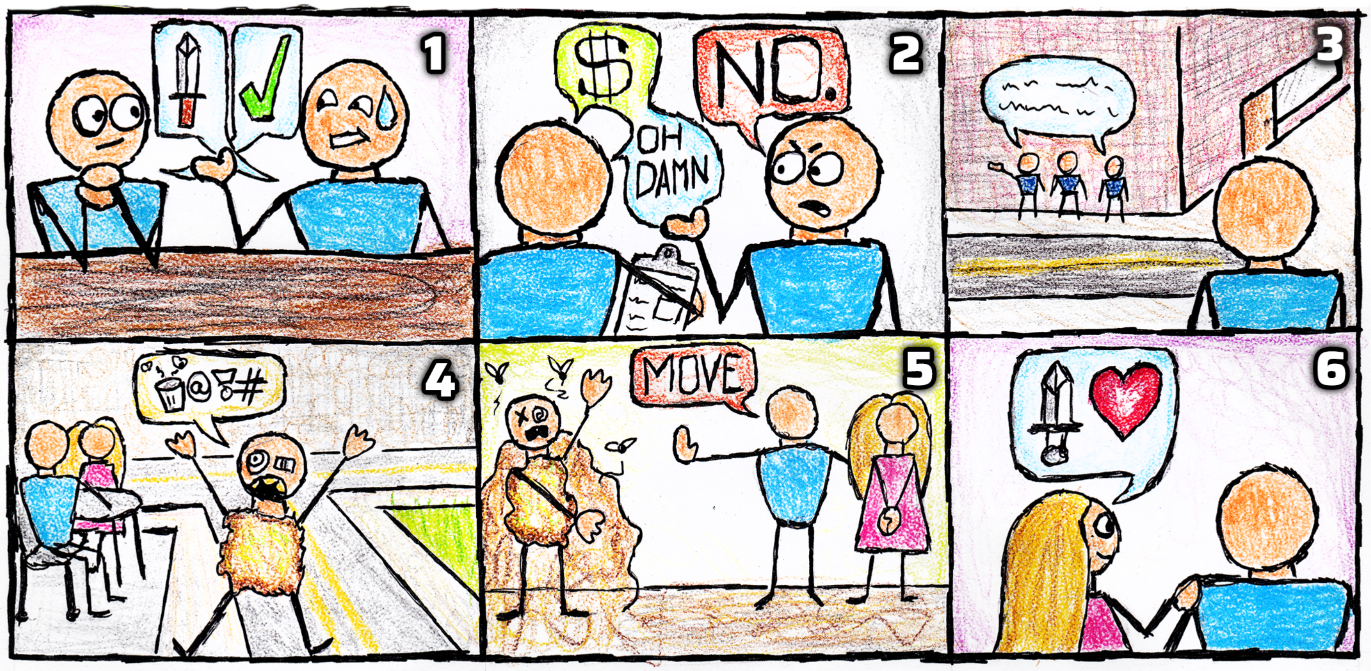
If life makes you **feel like this** about yourself...

...just **believe** that new experiences are possible, make some **changes,** go **look** for them, and when you get them, ***that's who you are now!***

Also, subscribe to **selfmax.ai** my AI-based life coaching service!

There was a time in my life ***before*** I was assertive and a time ***after.*** The time ***after*** has been ***way*** better. These are three tiny little stories about what that looks like. Panel **1,** panels **2+3,** and panels **4, 5,+6.**

1: Back when I had a busy life, before I became `hoe_math`**,** people used to tell me I was "a little intense." I would just agree, sometimes without blinking. **2:** When people ask me to do things I don't want to do, I tell them "NO," and sometimes why not, too. Sometimes, people can't believe it. **3:** A street bum was rude to my date once, so I let him know h'ed be in trouble if he kept it up. I also told her how I felt about people like that (in pretty aggressive language.) She liked it. She was getting sick of wimps who say "we should all be nice, even to jerks."



ONE LAST THING!

I forgot to make room for it in the PDF, so this page is sloppy. Oh, well. It's a free extra chart. You like it and you're happy.
